HERE IS WHAT WE HAVE PLANNED FOR YOU:

Dave Coffill, known as the “Memory Expert” and featured on radio and television will be our Special Guest. As a noted expert in his field, Dave has dedicated his life’s work to the field of memory enhancement and to helping everyone achieve the highest level of recall that’s humanly possible.

DAVID'S CORE PHILOSOPHY:

"Even the best training won't help unless you can remember it!"

YOU WILL LEARN:

- How having an instant recall of customer names and faces will give you a competitive edge that will lead to referrals and repeat business.
- How using his exclusive study techniques will increase your product knowledge, sharpen your selling skills, dramatically increase retention from books you read, seminars, sales meetings and all other training opportunities.
- How easy delivering speeches and presentations without notes will increase self confidence and generate productive results.
- How to remember dates, times, appointments and a host of additional information that is vital to your business success and efficiency
